

## UYSA Referee Game Scoring

The process referees will need to follow in order to accept games that they have been assigned to is listed below, as well as how to score the game itself.

1. First please proceed to the following web address: [uysa-referee.sportsaffinity.com](http://uysa-referee.sportsaffinity.com)
2. Once user is at the web address listed above they will need to sign in, in the upper left hand corner of the screen. (if user does not have or cannot remember their username and password they can select the “Forgot Password” link, or call Affinity Sports customer support @ 800.808.7195)

- Once logged in the user will be on the “My Account” page. (if not on the “My Account” page please click the “My Account” button in the upper left hand corner of the screen.) Users screen will look similar to the one shown below.

- Circled in red with a number to the right are areas of interest.
  1. This area is where the score is entered. The left side is for home, the right side is for away. (just below that is a “Special Code” this is to be used to note games that went into overtime etc.
  2. Administrators and player for each team will be listed in this dropdown box. Select the player or administrator that you are adding to the game card from this drop down.
  3. “Item Type” is where you select what you are adding. Such as a “Goal”, “Ejection”, “Caution”, etc
  4. If the Item Type entered is for an Ejection or Caution etc, this drop down box will become selectable and you can choose one of the codes listed in the legend to your left. (please note that if you have a player that scored multiple goals, had cautions, etc, you will have to add them multiple times.)
  5. Once the selections for the admin/player are made, item type etc are selected you will need to click the “Add” button. The added item will appear in the empty space below the add button. If you need to remove a stat you will select it from the empty space and select the remove button.
  6. User will be able to add comments. Add comments in the text field that is available. Once comments are added they will appear in the empty space below the text field. (Comments are not required to be added) Once all is complete select the appropriate button below. Save comment only, Stats and Comment or clear stats
