Bryan Attridge

CEO, UYSA
9159 South State Street
Sandy, Utah 84070

Dear Mr. Attridge,

This letter is to inform you of my interest in serving as the Region 4 Director on the UYSA board.

I have been involved in this soccer community for over 20 years in various capacities. I have my USSF "C" license and have coached for several different clubs, Co-directed Academy, directed soccer camps, worked as a personal trainer and am now the DOC for Copper Mountain Soccer. I believe that all children should have the opportunity to play this great sport that instills values and a work ethic that will follow them throughout their lives.

Having played soccer all my life and having four children who have all played at one time or another, I have a special interest to see this organization succeed. It is my hope to be able to serve the soccer community and help create opportunities for us to improve on an already great league.

Sincerely,

Renata Lawson
