## Coaching Bio

I have a USSF "C" license. I have been coaching since 2000 for Sparta United, Utah Soccer Alliance and Copper Mountain including recreation, academy and competition teams. I ran a successful off-track soccer camp at the South Jordan Rec Center for 5 years and co-directed CMS U-8 academy in 2015 and since 2017. I played soccer through high school in southern California and then with Cypress College in Orange County, California. I also played several years with the Mayhem competitive women's team here in Utah and countless indoor leagues. I would like to see players learn proper technique and come to understand and appreciate the tactics of the beautiful game of soccer. Players should have fun, work hard and develop confidence in themselves on and off the field.

---

## Education

Bachelor of Mathematics Education 2000

*Brigham Young University*
